Brent--

Thank you for your letter requesting an extension of time to respond to our review. Consider this e mail to be an approval of the request. We will now consider the deadline to be July 18, 2011. I will print this message for the file and change our database.

My purpose in setting a deadline was to keep the process moving. The review/response process has gone on for several years although I am aware that some (most?) of the delay has been out of your control.

As the new deadline approaches, please keep us informed of how things are progressing with the Forest Service.
